ABOUT PASSIONSKI

PassionSki is a “slow” ski school, this means our focus is on a conscious way of consuming and living. Enjoyment, pleasure and authenticity are very important values for us. We want to rediscover the great outdoors with you as we truly believe that memorable experiences and the value of time are more important than ever. An open and sincere relationship with our guests, ski instructors and partners is an important principle of our company.

We are a small group of professional, qualified and experienced instructors, who are eager to share our enthusiasm, ability, and experience with anyone interested in improving their technique. With our instructors, you will gain the confidence and ability needed to enjoy each element of the skiing experience and be able to approach every aspect of the wonderful feeling that each day of skiing brings.

Whether on or off the prepared runs, carving, gliding, the feeling that you get when you skim through fresh powder snow on a beautifully clear day, we are here for you. From adults to children, in private or group lessons, we all look forward to seeing you in our distinguished snow sports school.

PassionSki will take care of you in the famous and glamorous ski resort of the Engadin Valley. St. Moritz, as a winter tourism pioneer, offers you many options to have memorable holidays in this legendary destination. We are here to help you to design your perfect holiday. We have the experience to understand and organise what you need, then offer you all the comfort you would expect during a day of skiing and help you to discover the wonders of the Engadin Valley.
